

The GRIT rugs are made of high-quality cotton laces with a wax coating. The GRIT rugs are available in matt or glow versions in order to adapt to elegant and timeless decorations, sometimes more discrete but sometimes showing a chic touch.

Las alfombras GRIT están hechas de cordones de algodón encerados de la máxima calidad. La alfombra GRIT está disponible en versión mate o brillante para adaptarse a estancias elegantes y contemporáneas, a veces más discretas y otras con un toque más chic.
